

Custom Destin Deep Sea Trips with Captain with over 35 years of Experience!

Best trips start at 8 hours and go to 12. Typically, trolling for king mackerel inshore or offshore and bottom fishing. We are apt to mix it up a little on this trip with live bait trolling, catch our kings and then go to bottom fishing for red snapper, grouper and triggerfish

The 12 hour fishing trip can be customized according to the season and type of fishing you want to do. On this trip guides take you out of the beaten path for bigger fish such as amberjacks, grouper, big red snapper and bull mingos.
